## Legend / Footnotes:

ITAs International transactions accounts

- Exports and imports of gold in the NIPAs differ from those in the ITAs. ITA gold exports (line 2) and imports (line 22) are excluded from the NIPAs; imports of gold in the NIPAs (line 24) is the excess of the value of gold in gross domestic purchases over the value of U.S. production of gold.
- Consists of statistical revisions to the ITAs that have not yet been incorporated into the NIPAs and statistical revisions to the NIPAs that have not yet been incorporated into the ITAs. From 1986 through 1991, the NIPAs include estimates of insurance premium supplements that are not accounted for in the ITAs until 1992.
- Consists of transactions between the United States and its territories, Puerto Rico, and the Northern Mariana Islands. The treatment of U.S. territories, Puerto Rico, and the Northern Mariana Islands in the NIPAs differs from that in the ITAs. In the NIPAs, they are included in the rest of the world; in the ITAs, they are treated as part of the United States.
- Beginning with 1988, the ITAs classify certain military grants as services that the NIPAs do not. In the NIPAs these transactions are excluded from exports and included in transfer payments from government.
- Prior to 1999, current taxes, contributions for government social insurance, and transfer payments from the rest of the world (line 20) are not separately displayed and line 39 includes current taxes and transfer payments to the rest of the world net of current taxes, contributions for government social insurance, and transfer receipts from the rest of the world.
- Consists of capital transfers and the acquisition and disposal of nonproduced nonfinancial assets.
